

## Aircraft Technical Specifications: Airbus A320-232 (ID 9)

This aircraft represents a high-quality asset, maintained under strict airworthiness standards. With a balanced ratio of flight hours to cycles and up-to-date major maintenance checks (C-Checks and Landing Gear intervals), this A320-232 is an ideal candidate for immediate operation or fleet expansion. Available for inspection and delivery

### General Information

- **Type:** Airbus A320-232
- **Tail No / MSN:** TBD
- **Year of Manufacture:** April 6, 2017
- **Engine Type:** V2527-A5
- **Configuration:** 182 Seats (8 Business / 174 Economy)
- **Current Status:** [Non spécifié]

### Airframe Status

- **Total Airframe Hours:** 26,212 Hrs
- **Total Airframe Cycles:** 11,902 Cyc

### Engine Data (IAE V2527-A5)

- **Engine 1:** TSN: 26,212 | CSN: 11,902 | TSLSV: 26,212 | CSLSV: 11,902 | **Limit: 8,098**
- **Engine 2:** TSN: 24,864 | CSN: 11,203 | TSLSV: 24,864 | CSLSV: 11,203 | **Limit: 8,797**

### Maintenance Checks

- **C Check (3Y):** Last C/W 1/31/2023 | Next Due 1/31/2026
- **6Y Check:** Last C/W 1/31/2023 | Next Due 1/31/2029
- **12Y Check:** Last C/W 4/6/2017 | Next Due 4/7/2029

### Landing Gears Data (Next OH Due)

- **LH MLG:** Next Due 4/7/2029 (Interval: 20,000 Cyc/12Y) | CSN: 11,902
- **NLG:** Next Due 4/4/2027 (Interval: 20,000 Cyc/10Y) | CSN: 11,902
- **RH MLG:** Next Due 4/7/2029 (Interval:
- 20,000 Cyc/12Y) | CSN: 11,902
